MISS ROSE OWENS,
No. 720 Seventeenth St., WASHINGTON, D. C.

"If every suffering woman has the same experience with Wine of Cardui that I had, your medicine will be most popular. About a year ago I began to have a worn out tired feeling with lassitude, pains in the back and head which kept increasing every month. I felt that I needed something, but to get the right medicine was the trouble. I finally decided to take your Wine of Cardui and only needed to take three bottles when I was fully recovered."

WHEN Miss Rose Owens, who has a responsible position in the Government service at Washington, D. C., decided to try Wine of Cardui, she made a wise choice. Over a million women have been relieved of female weakness by this same Wine of Cardui. It is not a strong medicine but may be taken every day in the year by any woman with benefit. It does not force results, but corrects derangements of the menstrual organs. It strengthens the nervous system, gives tone to the bodily functions, acts directly on the genital organs, and is the finest tonic for women known to the science of medicine.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

If you are a suffering woman we would say to you that Wine of Cardui seldom fails to completely cure any case of female ills. We say emphatically, it never fails to benefit. Every day hundreds of sufferers are writing to our Ladies' Advisory Department. The letters are opened by persons competent to give advice. Mrs. Jones was cured by following the advice which was freely given by the Ladies' Advisory Department. Miss Owens was cured without advice by just buying a \$1.00 bottle of Wine of Cardui from her druggist and taking this great medicine in the privacy of her home. No doctor's examination, treatment or advice is necessary. You have read what these two cured women have written. Is this not enough to lead you to determine to be rid of suffering?

August 13, 1902, Mrs. W. H. Jones, of Cameron, Mo., writes: "I suffered terribly at monthly periods for three years. I would sometimes go for seven months with no flow at all. Now I have my health back again and am expecting to be confined in January. I cannot praise your medicine enough."

Miss Rose Owens.
